North West Transfer Strategic Resource Option (SRO) - Gate 2 Submission

Dear [✂],

Please find enclosed United Utilities' Gate 2 submission for the North West Transfer SRO. We are recommending that work on this scheme should continue to Gate 3 in order to further explore the potential value it could offer in serving customers and the environment. We have provided our submission in line with the guidance set out by RAPID and, following Board approval, we have also included our Board assurance statement.

Thank you to yourself and the team at RAPID for your engagement to date and we look forward to continuing to work with you and other key stakeholders on this scheme as it progresses. We anticipate that there may be some further questions or requests for information following our submission. In order to ensure that we can respond promptly, we would ask that all queries are directed to the following mailbox, which will be regularly checked: WaterTransfer@uuplc.co.uk.

Yours sincerely,

[✂]
